Regarding to impart one day Basic First Aid and Disaster Management Training

It is to inform you that youth Red Cross Sub-Committee Meeting of Indian Red Cross Society Haryana Branch was held on 21<sup>st</sup> March, 2022 at Siksha Sadan, Sector-5, Panchkula under the chairmanship of Sh. Rajy Ratan, IAS, Director General, Higher Education Haryana

In the meeting under agenda item No. 20 it was resolved that one day Basic First Aid and Basic Disaster Management Training may be given to all the students of universities, colleges & institutions including NCC Cadets and NCC Cadets. The minutes of the meeting have already circulated to all Universities in Haryana vide office letter No. 30/YRC/H/2022/128-181 dated 05-04-2022

The training charges will be Rs. 50/- per student which will be paid by the respective institutions out of the funds of Youth Red Cross NSS or NCC. This certificate shall be issued by the District Red Cross given by the universities to the students. This certificate shall be given only to the volunteers of NSS instead of the certificate of senior First Aid students (interim).

All the universities/institutions have to do the registration of students through online portal of the Red Cross Society. After registration District St. John Centre will depute Day Lecturer for conducting Basic First Aid and Disaster Management Training to the students of universities/colleges/institutions in their campuses. The minimum number of students should not be less than 30 and more than 50. After completion of the training certificate will be generated for every participant. Universities/colleges/institutions can take part of the training programme amongst the participants.

The honorarium of Day Lecturer will be paid by the respective District St. John Centre

It is requested that all the students of University campus may be given one day Basic First Aid and Disaster Management Training. Similarly all the Colleges/Institutions under the jurisdiction of your District may also be informed to conduct First Aid and Basic Disaster Management Training. To conduct the training programme District Red Cross/St. John Centre may be contacted.

State Secretary

(Dr. Manjeet Kaur)

*Forwarded to NSS Co-ordinator  
to arrange atleast 50  
students for the above  
training programme.*

## ANNEXURE-I

Objectives of the event are:—

- ①. Awareness about first aid
- ②. Prevention from further injury
- ③. Preparedness for any kind of disaster.

## ANNEXURE - II

First aid is the initial assistance or treatment given to someone who is injured or suddenly taken ill before professional medical help arrives.

First aid includes assessing the situation, providing basic medical care and stabilizing the person until further help can be obtained.

First aid can range from applying bandages to performing CPR or using an automated external defibrillator (AED).

First it is crucial to have a basic understanding of first aid techniques to potentially save lives in emergencies.

While first aid can be life-saving, it is essential to seek professional medical help as soon as possible in any emergency situation.

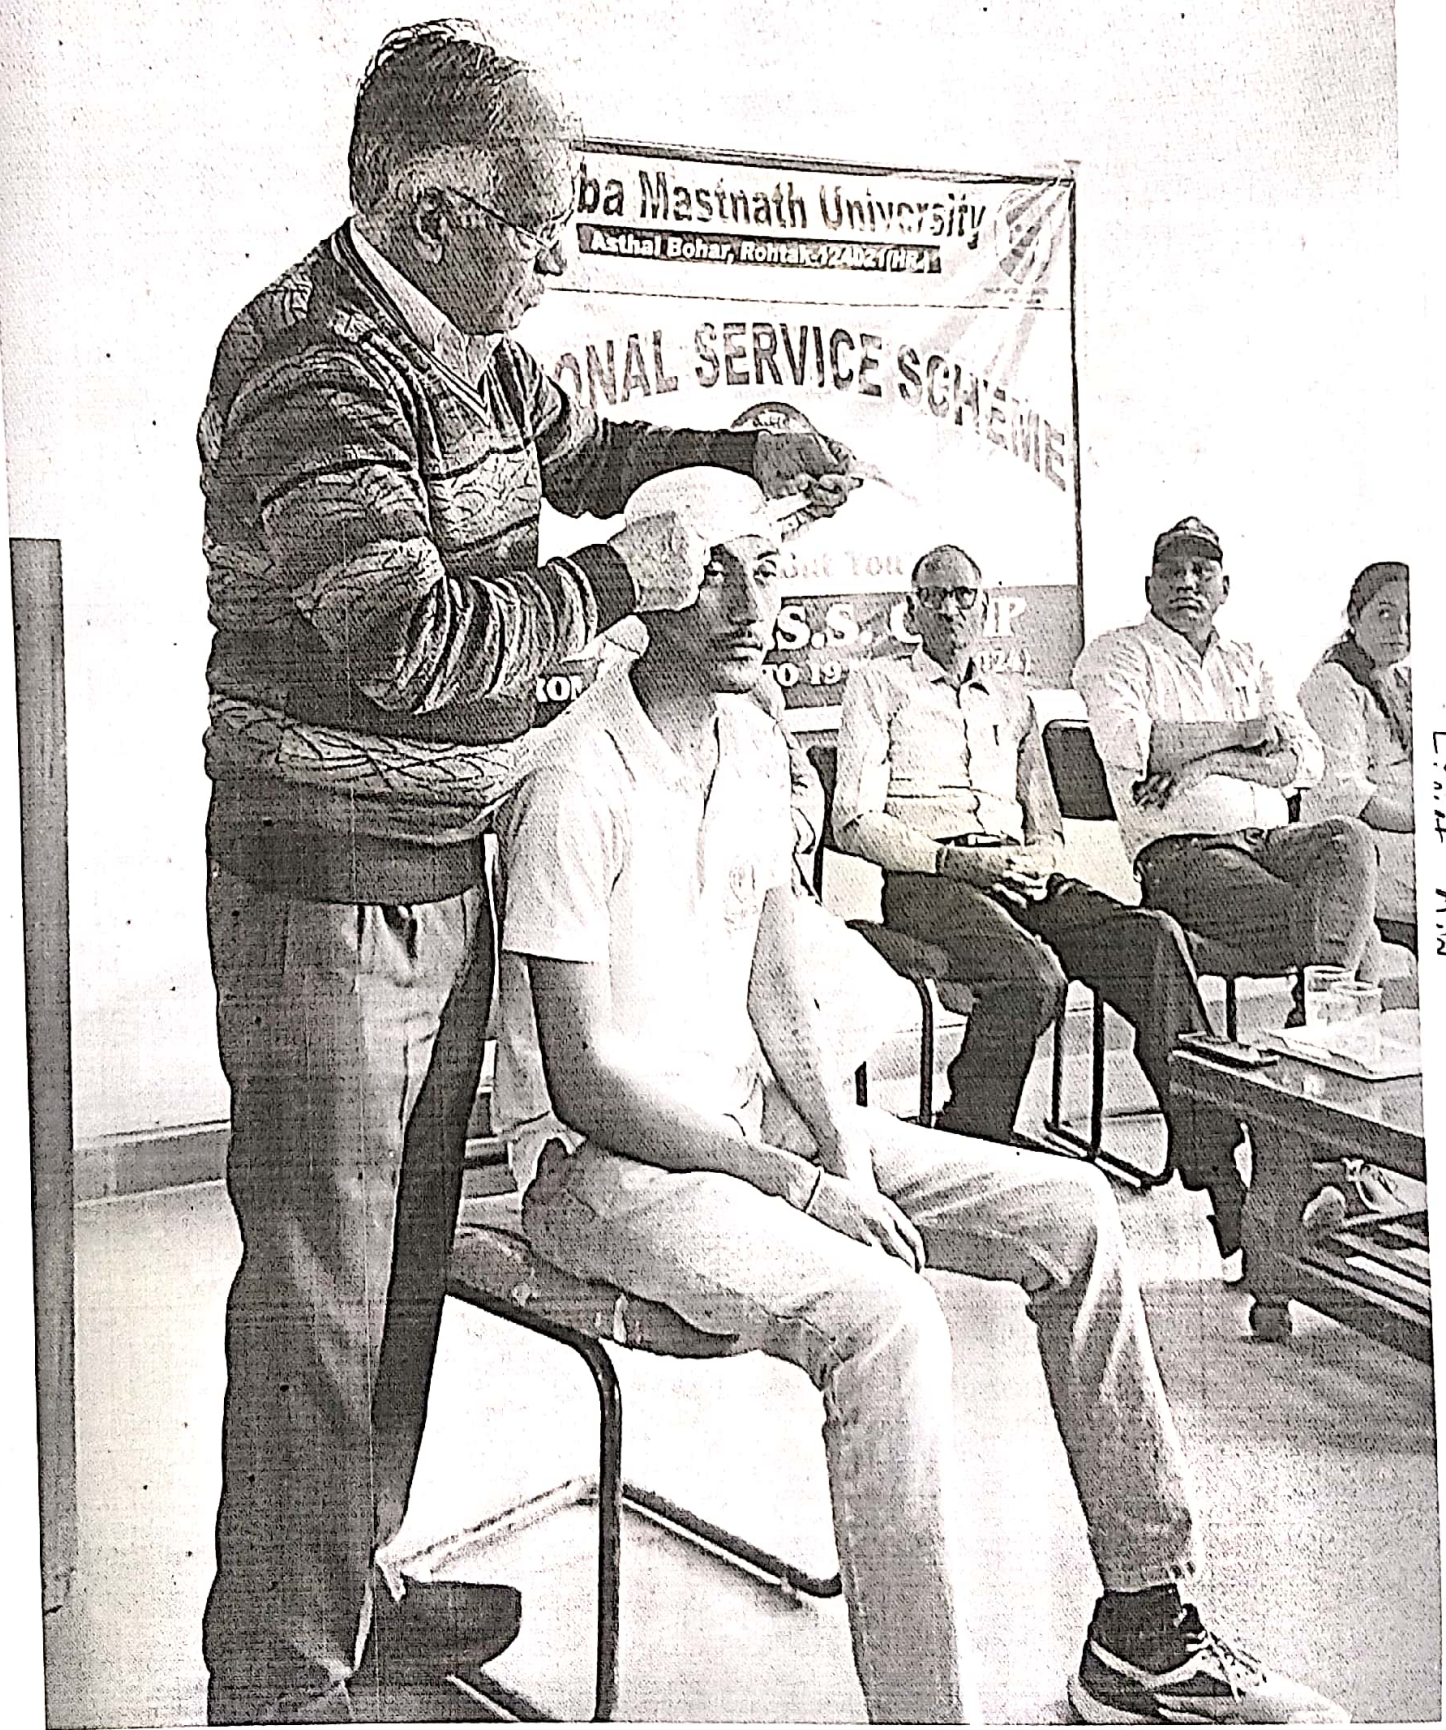

Ongoing training and certification in first aid techniques can help you stay prepared to assist in various situations.

It is important for everyone to have some knowledge of first aid to potentially save lives in emergencies.
