DEPARTMENT OF BOTANY

CIRCULAR

The department of botany is pleased to announce 'I owe my Department' campaign in the Department of Botany; Faculty of sciences on 7th may 2024.

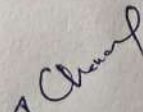

Main events:

- **Indoor Plantation Drive:** It will help the students to select and pot a variety of suitable indoor plants
- **Celebrate Botany:** It will show an appreciation for the department and its contributions to the field by student's assignments.
- **Clean Up & Beautify:** It will contribute to a cleaner and more vibrant environment for learning and research.

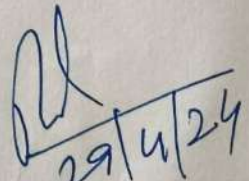

Let's cultivate gratitude, beautify our indoor spaces with plant life, and create a nourishing environment for the Botany Department.

Under the series "I Owe My Department," on May 7, 2024, the students of the Department of Botany, Faculty of Science, celebrated an event to express gratitude to their department. Botany students organized a signature campaign titled "Plastic vs. Planet," aligning perfectly with the theme of 'World Earth Day; 2024. The M.Sc. fourth-semester students delved into learning indoor plantation techniques, installing indoor plants in front of their lab to infuse vibrant energy. They meticulously decorated pots with inspiring slogans, adding a touch of creativity to their display. Throughout the event, all students enthusiastically participated in cleaning and beautifying the labs with eye-catching charts and several indoor plants. Dr. Ishu, the program's organizer, provided invaluable guidance and mentorship to the students, fostering a sense of purpose and community spirit. The Dean of the Faculty of Sciences, Dr. Ravi Rana, and Deputy Dean Dr. Pallavi Bhardwaj, alongside HOD Botany Dr. Chanchal Malhotra, HOD Physics Dr. Parveen Bhatt, HOD Mathematics Dr. Manoj Antil, and HOD Biotechnology Dr. Neha Verma, praised the collective efforts of both students and faculty members of the Department of Botany including Dr. Chanchal Malhotra, Dr. Kinga Datta, Dr. Sangeeta

B.M. OH AK
PLASTIC V/S PLANET

Do's:

- Replace plastic water bottles, cups and food containers with glass, cloth, ceramic and stainless steel products.
- Eat and cook with fresh foods.
- Use aluminum foil to wrap food rather than plastic cling wrap.
- Re-use your single use plastic bags to hold household garbage, pet waste and other items.
- Bring your own bags whenever you shop, not just for the supermarket. By bringing your own bag, you can save between 400 to 600 plastic bags per year.

Don'ts:

- Use plastic containers or bottles with the recycling numbers 3 (Polyvinyl Chloride, PVC), 6 (Polystyrene, PS), and 7 (Other).
- Microwave plastic containers.
- Use harsh chemical detergents on plastic products.
- Use plastics that are old, worn and scratched.
- Wash plastic containers in the dishwasher. If plastics are being used, wash by hand with warm water.

M.Sc. Botany (2nd Semester)
 Classmate - 07
 Marks - 18
 Year - 20
